

# **Visualization Exercises**

## **Organizational Information**

# Organizational Information (1)

- 6 exercise sheets with a total of 100 points
- At least 67/100 points to pass the exercises
- Passing the exercises is required to take the exam
- Form groups of up to 3 students (until 23.10.2021 / 23:59)
- Hand in exercises via Moodle and once per group (deadlines!)
- For 6 CP: at least 40/60 points of additional tasks (aside from passing normal exercises)

# Organizational Information (2)

- 2 blocks, in each:
  - 1 theoretical exercise (T)
  - 2 practical exercises (D3 and VolVis)
- Introduction session before the practical exercises
- Solution presentation session after each exercise deadline

Legend:		
		This week, there are no exercise meetings.
		This week, there are exercise meetings in which we give an introduction to the practical exercises.
	Deadline	At the described date, an exercise sheet needs to be handed in. Which sheet this is can be seen from the abbreviation: Theoretical (T), Practical D3 (D3), or Practical Volume Visualization (VV).
		This week, there are exercise meetings in which we present the solutions to the exercise handed in the week prior.
